### DO YOU WANT A HOME?

In Tonopah—Rent free. H. H. Bacon is here for a few days to dispose of his residence properties—at a sacrifice for quick results. Office opposite telephone office, or phone 2054. M30-4.

The Bonanza is \$1 per month delivered at your door. Read the news while it is fresh, and don't wait for a refresh.

## OFFICIALS ARE COMMENDED BY STATE AUDITOR

### Redemption of Bonds Previous to Maturity Makes Fine Saving to Country

The report of D. J. Sullivan, state auditor, touching upon the condition of affairs of Nye county, covering the period from September 30, 1921, to March 31, 1922, has been mailed to L. E. Glass, to be submitted to the board of county commissioners. Mr. Sullivan takes occasion to compliment the county treasurer and auditor, L. E. Glass and Lida M. Gilbert, respectively, upon the good business judgment applied during the past year by using the money accumulated in the various sinking funds by redeeming bonds prior to maturity which resulted in the following substantial saving to the county and school districts:

Redemption of \$6000 refunding bonds due in 1939, covering a period of 17 years, with interest at 6 per cent, resulted in a saving of \$6276. Redemption of \$10,000 Tonopah school bonds due in 1927, covering a period of six years at 6 per cent, resulted in a saving of \$3360.

Redemption of \$3500 Rhyolite bonds due in 1927, covering a period of six years with interest at 8 per cent, resulted in a saving of \$2240. Mr. Sullivan's report shows funds balances on March 31, 1922, for Nye county totaling \$183,187.95, distributed as follows: General, \$31,004.07; school, \$49,954.49; game and fish, \$10,212.29; high school, \$14,955.59; county state highway, \$28,806.91; Manhattan fire, \$346.92; road, \$5946.69; refunding bonds, \$284.23; special deposit, \$1673.20; emergency loan, \$13,325.91; special excess, \$87.86; school of mines, \$439.87; district school bonds, \$5428.40; county school funds, \$63,093.26; Tonopah town funds, \$19,671.73; state, \$5774.23.

### GOLDFIELD SPEED FIEND IS JAILED

John Simpson, son of a well known farmer at Goldfield, was arrested last night by Officer John Hill, upon the charge of driving an auto while intoxicated and also for exceeding the speed limit. The young man cut up such capers that he was taken to jail to cool off, and his hearing set down for this afternoon at 2 o'clock before Justice Cuddy.

Simpson was sentenced to pay a fine of \$50 and to serve 60 days in the county jail. Pending good behavior the jail sentence was suspended.

## GOLD BELT IS SHOWING GOOD MINERAL VALUE

### Headframe and Equipment Will be Installed within the Very Near Future.

Development that is going forward on the Gold Belt Divide property is proving up to expectations and the outlook is favorable for a shipper of promise being developed when a sufficient depth has been attained. The three-compartment shaft is being shaped up and a headframe will be installed in a short time, following which the needed machinery will be purchased.

There is a strong and well-defined vein exposed which is being followed but the width of the vein has not been determined as neither wall is showing in the shaft workings. However, splendid values are contained. A force of seven men is being employed and plans are maturing for enlarging of operations as fast as conditions will permit.

### CLIFF REGAN PLEADS GUILTY TO RUSTLING

Coming as a surprise to his attorney, Roger Foley, and those in the courtroom, Cliff Regan, charged with grand larceny in the alleged theft of a horse from a ranch in Fish Lake valley, pleaded guilty to the charge when arraigned in the district court at Goldfield yesterday. Making the move after Foley has fought hard for him and had succeeded in having two informations quashed, Regan sprung a surprise. The preliminary examination on the third information was set for yesterday in the justice court, but when Regan informed his attorney of his intention to plead guilty the examination was waived and Regan was brought before Judge Walsh, who fixed this afternoon at 1:30 as the time for pronouncing judgment.

## PERSONAL

LLOYD MOUNT is over from Goldfield looking after business interests. L. F. CLAR, mineral surveyor of Manhattan, is a business visitor to Tonopah.

"BRIZ" PUTMAN left this morning for Mina where he will do assessment work upon some property. A. W. BARNES, district attorney of Esmeralda county, was over from Goldfield yesterday looking after business matters.

W. C. DRESSER, the furniture man, accompanied by his wife, has returned from a visit of several days to the Pahrump valley.

MRS. O. H. SMITH, wife of the chief of police, left this morning for Marietta Hot Springs, where she will recuperate for the next two months.

JOHN MILLER, night foreman of the Victor shaft, left this morning for Marysville, Calif., where he will spend a vacation of a couple of weeks.

M. and MRS. C. G. KNAPP, of Portland, Ore., are enjoying a visit in Tonopah with their daughters, Mrs. John Andrews and Mrs. Chris Johnson.

HOMER WILLIAMS, well known in mining circles accompanied by his wife and baby, left this morning for Woodland, Calif., where they expect to reside in the future.

DAVE ASPLAND, general agent of the Tonopah & Tidewater, with headquarters in Goldfield, accompanied by James Conlist, Giant Powder representative from San Francisco, motored over the Round Mountain today.

GEORGE B. THATCHER, Reno attorney, who has been here looking after the transfer of the controlling interest in the Storm Cloud property to Camp Taylor to George Wingfield, left early this morning for the north. Mr. Thatcher expected to leave yesterday but his departure was delayed.

## ELECTRIC MEN ARE MEETING LOS ANGELES

### Five Hundred Delegates Present From Western States, Including Nevada.

LOS ANGELES, June 1.—President A. B. West of the Pacific Coast Electrical Association opening the sixth annual convention of the organization at the Ambassador hotel yesterday morning, declared the achievements of the electrical industry in California under private ownership and state regulation to be a complete refutation of the claims of proponents of the pending water and power act that private enterprise has failed to serve the public electrically and that the state must take over the job. Figures were cited from United States census and other official reports showing that electric power has a per capita consumption of 1085 kilowatt hours in California, against 372 for the United States, and that rates are lower here than anywhere else.

The super power program of the Atlantic states has already been recalled here in an interconnected system extending from Eugene, Ore., to the Mexican border, thus furnishing in this territory the largest concentrated block of electric power ever made available for public use. In 1920, 83 per cent of the houses of the state were wired as against 25 per cent for the United States, and electrical power is used to irrigate 1,470,000 acres—a total of over one-third of California's irrigated lands. So consistently has California led the world in electrical development, that the engineers and experts of the world come here to study these great accomplishments. In this state, under private ownership, the average rate in 1921 was 1.55, as against 2.56 for the balance of the United States.

The convention brings together 566 delegates from Arizona, Nevada and California, representatives of every phase of the industry. At the industrial conference and banquet Friday there will be addresses by Howard F. Peche, president investment bankers association of America; Chester Rowell, of the state railroad commission; Capt. John D. Fredericks, of the Los Angeles chamber of commerce, and others. A message from Secretary of Commerce, Herbert Hoover, will be received by direct wire during the banquet. Technical and commercial sessions dealing with the problems of the industry will be held during the three days which the convention continues.

Remember the job printing department of The Bonanza is the most complete and up-to-date in the state of Nevada. No reservations or exceptions to this statement.

## ALTO SHOWING GIVES PROMISE FINE RESULTS

### West Drift on Four Hundred Level Is Now Penetrating the Oxidized Zone.

The outlook is most promising for the property of the Alto Divide being entered among the list of shippers from the Divide district within the next few weeks. Development upon this mineral estate has been going steadily forward in a quiet way for the last several months, and during the last 30 days the west drift on the 400 level has been advanced for 125 feet, and the heading is now entering the oxidized formation and Divide breccia in which the large ore bodies of the Tonopah Divide and Gold Zone show their largest and richest veins.

Important developments are expected to take place from this time forward, and the outcome is being watched by a great many people who have become interested as shareholders in the Alto Divide Mining company.

### CAMP OF JOHNNIE WANTS POSTOFFICE

Considerable activity is promised at the Johnnie mine, in the extreme southern end of Nye county. Development work by use of diamond drills is under way and several men are working on placers between the old town of Johnnie and the new mill. Representative Arentz has succeeded in inducing the post office department to advertise for bids for a one-week contract mail route between Pahrump and Johnnie, a distance of 20 miles. It is expected this service can be established July 15. Freight train mails will be carried twice a week between Coburn and Ely so long as three-times-a-week passenger service obtains on the Nevada Northern. Airplanes could not be maintained on this route.

Ease your work by buying Thor Electric Ironers and Thor Washing Machines at Tonopah Tire and Electric company. M30-41.

The Bonanza is not afraid and dares print all the news.

## CLASSIFIED ADS

### LOST

LOST—Fox terrier, 1½ years old; is well bred; animal can be identified as end of tongue bit off by badger; \$5 reward for return. Address: Joseph McDermott, Mina, Nev.

Invaluable business training. Complete local bar preparation for each separate state. Rare opportunity. Address Box 1837, Yale Station, New Haven, Conn.

## MACHINERY OF BEN HUR HAS BEEN STARTED

### Shaft On Randsburg Holdings Has Attained Depth of Thirty-Five Feet

The plant of machinery of the Ben Hur company at Randsburg was brought into commission today, according to word received by R. J. Kelly. This company has been making a record for fast operations, and development is to be centered in lowering a shaft that has a present depth of 35 feet. High grade stringers of ore are showing, and the opinion prevails among mining men familiar with the location of the property, that a body of high grade ore will be encountered at a depth of not to exceed 150 feet.

The Ben Hur shaft is less than 100 feet from the Silver Belle holdings, one of the most promising groups at Randsburg. The Ben Hur has been provided with headframe, compressor, commodious buildings and all other necessary equipment.

Don't forget the dance to be given at Eagles hall Saturday night. Five-piece orchestra with "Bill" Logan manipulating the violin, and "Dutch" Helmick at the ivories. You're going, of course. M26-21.

The Bonanza is not afraid and dares print all the news. Better subscribe now and keep posted on the happenings of the day, both locally and by wire. \$1 a month.

### ASSESSMENT NOTICE.

#### New Tonopah Dividend Mining Company.

Location of principal place of business: 419 State Bank Building, Tonopah, Nevada.

Property situated in the Gold Mountain or Divide Mining District, Esmeralda County, Nevada.

Notice is hereby given that at a meeting of the Board of Directors held on the 10th day of May, 1922, an assessment (No. 2) of one (1) cent per share was levied upon the outstanding capital stock of the corporation, payable immediately in United States gold coin, to the Secretary-Treasurer, at the office of the Company, Tonopah, Nevada.

Any stock upon which this assessment shall remain unpaid on the 10th day of June, 1922, will be delinquent and advertised for sale at public auction, and unless payment is made before July 10th, 1922, will be sold at the office of the company, 419 State Bank Building, Tonopah, Nevada, on Monday, July 10th, 1922, at 2 o'clock P. M., to pay the assessment together with the cost of advertising and expense of sale.

By order of the Board of Directors  
E. P. CULLINAN, Secretary.

M16-21-30-36

Precinct No. 5—Court house.  
Republican County Central Committee of Nye County, Nevada,  
By MARK BRADSHAW, Chairman.  
FRED MINNIS, Secretary.

## AMUSEMENTS

### CONFLICT AND LOVE

#### MAKE GOOD THRILLER

A dual love story gives more than a full quota of romance to "Anne of Little Smokey," which will be shown at the Butler today. In fact, this photoplay is well supplied with plot and action that runs the gamut of emotion, making it cracker-jack entertainment for anyone. Brevard Connor's story is based on the conflict between a fearless mountain

clan and the law, as represented by a forest ranger. To complicate the struggle, the ranger loves the clan's daughter, who is jealous of a gipsy prince. The gipsy, in turn, is loved by a shell shocked war veteran who, through her, regains his health. The picture is richly vested with mountain scenery, enhanced by every good photography. Winifred Westover, the wife of Wm. S. Hart, and Dolores Cassinelli—head an excellent cast. Added to the program, the latest of the News.

Tomorrow, Wallace Reid, in his latest, "Rent Free."

Coming, Monday, Norma Talmadge.
